

# Pseudorabies Virus (PRV) Antibody Detection Kit

## Product Information

---

### Product Overview

---

Virus Antibody Detection Kits

---

### Description

---

Detects antibodies against PRV in swine without subtype restriction.

---

### Size

---

48t/96t

---

### Applications

---

- PRV antibody screening in pig farms
  - General PRV infection monitoring
  - Support for herd biosecurity programs
- 

### Features & Benefits

---

- Pan-PRV antibody detection
  - Suitable for large-scale herd testing
  - Easy to operate with quick turnaround
  - Cost-effective tool for routine testing
-
